Resourceful and versatile filmmaker with a passion for cinematic storytelling, leveraging technical expertise in multimedia production and computer science to lead diverse film projects from inception to completion

SKILLS

Skills: Production Management, Technical Equipment Proficiency | Camera Operation, Lighting Techniques, Audio Recording, Adobe Suite, DaVinci Resolve, Python/Web Development **Languages:** Fluent in English and Spanish

WORK HISTORY

Cinematography Assistant

March 2023 - June 2023

Amazon MGM Studios, San Angel, Mexico

- Bridged critical communication gaps by translating complex cinematographic directions into Spanish, ensuring the camera team captured precise visual narratives for an Amazon Originals series
- Collaborated with production leadership to develop adaptive daily shot schedules, dynamically reordering sequences to meet tight deadlines and eliminate crew downtime
- Supported gaffer and grip teams in executing the cinematographer's vision, assisting with equipment setup, adjustments, and breakdowns to maintain seamless production operations

Freelance Editor

April 2023 - December 2023

University Of Pittsburgh, Pittsburgh, PA

- Produced a feature-length documentary by sequencing participant-directed films, adding graphics, sound design, and color correction to deliver a polished narrative
- Supported participant filmmakers with editing up to eight short films, refining audio, transitions, and captions to align with their creative vision

EXPERIENCE

Projects

January 2020 - December 2023

Writer / Director

- Directed 6 short film productions, including *It Was A Leaf That Fell*, managing end-to-end creative development, leading 50+ person teams under precise budgetary constraints

London Film Program

- Engaged actively in workshops and masterclasses under the guidance of industry luminary Laura Mulvey, gaining advanced insights into film production techniques
- Excelled in a competitive, semester-long international film production program, playing a pivotal role in multimedia projects, sharpening expertise in collaborative filmmaking and effective communication

Film Portfolio Website

- Developed a responsive personal portfolio website at brunoarnabar.com, showcasing comprehensive short film project collection

EDUCATION

University Of Pittsburgh, Pittsburgh, PA

August 2018 - August 2022

Bachelor of Arts in Film Production – Bachelor of Science in Computer Science

- Honors and Awards: Summa Cum Laude, GPA: (B.S. : 3.9 • B.A. : 4.0)
- Awarded the Oberbeck Grant of \$4,000 to develop an original film in the summer of 2021. Wrote and led the production of the film, orchestrating on-location shooting for 30+ cast and crew
